

Press release
Lund 2014-02-13

Nexam begins the process of listing on NASDAQ OMX Small Cap.

The Board of Nexam Chemical has decided to initiate the process to prepare the company for change of venue for the company's shares from NASDAQ OMX First North to NASDAQ OMX Stockholm Small Cap.

A list change is seen as a natural step due to the anticipated growth. Primarily, the company sees this as a way to further enhance the confidence of, and a way to better match, large global customers. Furthermore, a change of venue is expected to increase the interest from institutional investors, equity analysts and partners, as well as creating conditions for increased share liquidity.

"A lot of positive things have happened in Nexam during the last few years and I see a bright future. Changing venue to NASDAQ OMX Stockholm Small Cap is a natural step to take and becomes an additional seal of quality for the company.", says Per Palmqvist Morin, CEO.
