The interim financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Company’s annual financial statements as at 31 December 2008.

The Company’s interim financial statements have been prepared according to the accounting principles used in preparation of the annual financial statements for the year 2007, except for the newly adopted standards and interpretations.

### 3 Income and Cost of sales

During the year 2008, if compared to the transshipment of 2007 (5 403 thousand tonnes), the Company reloaded 52 per cent or 2,8 million tonnes more oil products and by 16 per cent exceeded the annual design capacity (7,1 million tonnes) of the terminal.

During the year 2008, if compared to 2007, the Company's income increased from LTL 78,66 million up to LTL 119,61 million or by 52 per cent. The major part of the income (97 %) is made of the income from the transshipment of oil products. Due to the increase of the transshipment of oil products by 52 per cent from 5 403 thousand tonnes (in 2007) up to 8 213 thousand tonnes (in 2008) has adequately increased the main operating revenues.

The Company's cost of sales has increased from LTL 53,86 million up to LTL 67,02 million or by 24 per cent. The increased power resources (gas and electricity) expenses (which in 2008 amounted to LTL 22,8 million, in 2007 – to LTL 12,4 million) had major impact on the said increase. The amount of the power resources expenses depends upon the volume of the transhipped oil products and on the increasing gas and electricity prices. During the years 2007 - 2008 the case was heard and a decision favourable to the Company was taken, but the plaintiff lodged an appeal against this decision to the Lithuanian appeal court.

On 9 February 2009 Klaipėda district court approved peace agreement concluded between the Company and Riverlake Energy (S) PTE LTD by which the plaintiff Riverlake Energy (S) PTE LTD waived its claim to the Company.

Since the year 2006 the Company had disputed with the State Tax Inspectorate under the Ministry of Finance of the Republic of Lithuania regarding the real estate tax calculation for the period from 2000 till 2004 and a respective fine. With the acceptance of both sides the arguable amount was decreased from LTL 5 315 thousand to LTL 4 399 thousand due to the change in taxable values and due to the reduction of the period. On 22 September 2008 the Lithuanian Chief Administrative Court by its decision obligated to calculate additionally real property tax in the amount of LTL 3 999 thousand for the years 2000 – 2004 and to pay fine of LTL 399 thousand. Subject to the presented request the Company was exempted from payment of the fine of LTL 399 thousand (no loss was made to the budget because the Company had already paid real property tax of LTL 3 999 thousand before tax audit). Recalculation of the real property tax is accounted for in the year 2008.
