

## **Aqeri signs distribution agreement with Finnish defense company Milcon**

Aqeri, leading Swedish producer of ruggedized computer and communication equipment for extreme environments, has signed a distribution agreement with Finnish defense company Milcon.

Through the cooperation with Milcon, Aqeri secures a close teamwork harboring marketing presence and access to the Finnish market. Milcons experience and close cooperation with the Finnish Defense Force and Industry makes them a key player in Finland. Under this agreement, Milcon serves as the prime point of contact in Finland regarding business projects, service and support.

Milcon specializes in importing and marketing of mil-application electromechanical materials. Milcon provides support and consulting for their business partners with more than ten years of experience in defense material projects. Main customers are the Finnish Defense Force and Defense Industry.

CEO's comments;

*"Being close to the Finnish market harbors business opportunities that now can be explored much deeper thanks to our new partner. We look forward to meeting or exceeding the stringent environmental requirements of the Finnish Armed Forces. I am confident that our cost-effective and technically advanced products will stand good chances of market success in Finland."*
